

## Timely Baseball Gossip

**Byram, Princeton Pitcher,  
Is Star of College World.  
Career of George La  
Chance—Manager  
Clark Griffith Makes  
Prophecy, Modestly  
Claiming Pennant.**

All indications are that Herbert Byram, the Princeton university ball team's pitcher, is the star of the colleges this year. Byram will do for Princeton, it is believed, what Walter Clarkson did for Harvard.

Byram is but a freshman, yet he pitches with an effectiveness that will send him to the top of the ladder in

HERBERT BYRAM, PRINCETON PITCHER, another year. He has splendid control of his shoots, which are equal to those of many a professional ball artist. Byram is a native of Pittsburg, where he was formerly prominent as an amateur ball player.

The release by the Boston Americans of George La Chance, the veteran first baseman, has proved a popular topic of conversation. La Chance is one of the best first basemen in the country and will have no difficulty in finding another berth.

George La Chance is a native of Waterbury, Conn., where he was born Feb. 15, 1870. He there learned to play ball and was the receiving end of the famous Rhode Island-La Chance battery that was first heard of in a game against the Boston Brotherhood team at Naugatuck in the spring of 1890. In 1891 this battery went to Portland of the New England league.

The season of 1893 found La Chance with the Wilkesbarre team. His release was purchased by Brooklyn in the fall of 1894, and he remained as first baseman of that club until the amalgamation of the Baltimore and Brooklyn clubs, when he was sent to Baltimore. Then Baltimore went out and La Chance was transferred to the Cleveland club of the American league.

La Chance went to the Boston American team from Cleveland in 1902 and played with Boston until recently. Though anything but a showy player, he is a wonder in fielding bad throws and in handling balls where a long reach is required and is sure on fly balls. His batting is hard and timely.

"The American league pennant will be our hunting this year," says Captain-Manager Clark Griffith of the New York Highlanders. "And the spit ball will do it. Our pitchers have that down the best of any, and I don't see how they can stop us."

"If the spit ball should be solved by the batsmen Jack Chesbro has another curve that will give them something to

GEORGE LA CHANCE.

think about. Jack's latest ball is called dead man's curve. He has been trying to master it for a long time, and, in fact, overwork with the dead man's curve put his arm to the bad, and he is not able to work just now.

"This pennant race is fiercer than ever now. On account of Washington's weakness last year a team could get a breathing spell once in awhile when games were scheduled with them, but now the strain never relaxes, and every time we play a game it is with a crack-jack team, and everybody has to be up on edge all the while."

## Drew's Success.

**Ending a Prosperous Season In  
"The Duke of Kil-  
licrankie."**

[From Our New York Dramatic Correspondent.]

John Drew is concluding one of the most prosperous seasons of his career. In "The Duke of Killicrankie" he has one of the few real hits of the dramatic year.

His New York run and his tour have proved successful from artistic as well as financial viewpoints.

The character portrayed by Mr. Drew is that of a young Scotch aristocrat, who, in order to win the heart of his ladylove, practically runs off with her to his castle in the hill country. He very thoughtfully provides a chaperon, so that all the conventions of city life shall be preserved.

"The Duke of Killicrankie" is an importation from England and was written by Captain Marshall. It had a prosperous London engagement two years ago.

Although the regular season falls to respond when the count of ten is told off over its prostrate form, Liebler & Co. are resolved to make still another production before they pack their industry away in moth balls. "In the Bishop's Carriage" was added to their schedule recently for presentation the week of June 15 at Worcester, Mass.

This seeming disregard of the almanac is necessitated by the terms of the contract under which they hold the dramatic rights of the novel of the same name. They are required to make a production of a dramatic version by the date mentioned or forfeit their option.

A playwright has received the contract to dramatize the story and is now at work on the second act. For the completed play a special company will not be engaged at this time. The Worcester stock company is being conducted by Walton Bradford and Robert Hunter, and the stock actors will have the first opportunity of giving the play a practical test.

Mabel Barrison, now with "Babes in Toyland," has been engaged for a principal part in "The Land of Nod," which is to be the summer production at the Chicago Opera House.

Chorus rehearsals for this production have been in progress for several

JOHN DREW.

weeks, and with two or three exceptions the principals are all on hand. William Morris and Valerie Bergere will be in the cast.

"Telly," at the New Amsterdam theater, seems the most successful revival of the season. The characters keep all their old charm and interest, and the play seems as fresh today as it did when it and the book were new ten years ago. By every sign, too, the public has forgotten neither. It was something of a managerial feat to re-assemble so many of the original cast after so long an interval, and every one of them plays his part with a new zest. Jackey's Svengali is the same impressive bit of melodrama, and Glendinning's Laird might have stepped out of the book.

"Little Johnny Jones" is going as well as the New York theater as it has whenever the Cohans and their company have acted it here. In many respects it is the most entertaining musical play of the year and certainly the freshest and most original. Every one in the company, too, has a part that shows him at his best.

ROBERT BUTLER.

### The Arizona Trot Record.

During a recent meeting at Phenix, Ariz., Boydello, 2:14, reduced the territorial trotting record from 2:20 1/2 to 2:17 1/2. Bystander, by Zolock, paced two miles in a race in 2:13 1/2, and 2:14 1/2, the fastest two heats for Arizona tracks.

### The Spit Ball Artists.

It looks as if the spit ball artists are going to have a lot of sore wings this year. Should they "peter out," look out for Dincen and Young coming up the pike with those champions.

## REVIEW CLASSIFIED "ADS"

...ONE CENT A WORD...

### FOR SALE.

**FOR SALE**—1 11-horse power vertical boiler, nearly new, 1 Snow Duplex steam pump 6x16, 2-in. suction, 1 1/2-in. discharge. Enquire at Carl Clausen's office.

## Dangers of Defective Plumbing

Defective plumbing permits the entrance into the house of sewer gas bearing germs of contagious diseases to which the human system readily succumbs.

Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures.

If in doubt, consult us regarding the piping and replacing defective fixtures with "STANDARD" Porcelain Enamelled Ware—acknowledged as the best sanitary equipment.

ANNIE OAKLEY

Annie Oakley,

THE WORLD'S GREATEST LADY RIFLE SHOT  
USES AND RECOMMENDS

## Newbro's Herpicide

The ORIGINAL remedy that "kills the dandruff germ"

"Traveling as I do continuously, I have been troubled a great deal with dandruff and falling hair, and until I tried Herpicide I never found a remedy that was satisfactory."

"Herpicide is a delightful preparation that fulfills the claims made for it, and no lady's toilet is complete without it. I highly recommend it to my friends."

(Signed.) ANNIE OAKLEY.

It is certainly significant that Miss Oakley, the celebrated rifle shot and theatrical star, who has traveled so extensively abroad, should choose Newbro's Herpicide as the Most Efficacious toilet remedy for the scalp. No one will doubt her opportunity to choose the best, and those who have seen the natty and winsome Miss Oakley will not doubt her power of discrimination in matters of this sort.

Newbro's Herpicide is a scientific germicide and prophylactic for the hair and scalp; it destroys the germ or microbe that causes dandruff, itching scalp and falling hair, after which the hair will grow as nature intended. Extraordinary results follow the use of Newbro's Herpicide.

If your hair is dull, brittle or lustreless, don't wait until it begins to fall, but save it with Newbro's Herpicide. In addition to its wonderful medicinal qualities, Newbro's Herpicide is the dearest and most delightfully refreshing hair dressing available. The first application proves its goodness. Try it.

Herpicide contains no grease; it will not stain nor dye.
